

## **DETAILED ACTION**

### **Allowable Subject Matter**

**Claims 1, 3, 4, 7, 9, 10, 12 – 14, 16, 20, 22, 23, 27, 29, 30, 35 and 36 are allowed.**

The following is an examiner's statement of reasons for allowance:

The above mentioned claims are allowable over prior arts because the CPA (Cited Prior Art) of record fails to teach or render obvious the claimed limitations in combination with the specific added limitations recited in claims 1, 14 and 27 (& associated dependent claims).

The present invention is directed to a method for providing a secure user interface to a secured execution environment on a system comprising said secured execution environment and a second execution environment, comprising the steps of accepting encrypted user input from a user input device intended for either said secured execution environment or said second execution environment; decrypting said encrypted user input. The closest prior arts on the record, either singularly or in combination fails to anticipate or render obvious the claimed invention that determining a graphical user element that has focus from among a plurality of graphical user elements; determining whether a process that owns the graphical user element is in the secured execution environment or in the second execution environment; determining, based on whether the process that owns the graphical user element is in the secured execution environment or in the second execution environment, whether said decrypted user input is intended for said secured execution environment; if said decrypted user input is not intended for said secured execution environment, transferring said decrypted user input to said second execution environment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Longbit Chai whose telephone number is 571-272-3788. The examiner can normally be reached on Monday-Friday 8:00am-4:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ayaz R Sheikh can be reached on 571-272-3795. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
